STATEMENT OF RESPONSE

I am Mrs Kaluya Janny (FCA, ACTI), and I was the Chief Accountant of BINAT Trade Company. I admit the second paragraph in the Claimant's Statement of Issues. The Claimant reduced my allowances and monthly salary by 35% by fiat for 8 months, citing a downtime in business as the reason for his action.

The action is contrary to the agreement we earlier had before I resumed duty. Fortunately, I had an offer from other Company who were prepared to pay salaries and allowances which was way higher than what my former employers were willing to pay.

I could not have remained with them for the agreed period because they breach their own part of the agreement in the expected emolument.

INTERESTS

1. The Claimant's request for compensation by the me should be ignored, because the unilateral breach of contract caused me great financial hardship and suffering for eight months.
